

LIQUID GOLD FROM

2009

ROUSSANNE

When you put your nose in the glass you get notes of melon, quince, citrus and mineral. Take a nice mouthful and taste a wine that is creamy, with flavors of stone fruits, melon, and flint. This is a very different white wine from the others we produce, with rich aromas in the mouth but has a crisp finish. This is a great wine to enjoy with seafood, chicken, fresh cracked crab, or serve as a cocktail wine before a meal.
